5²⁹

Bark Mulch 2 cu ft

Ideal for landscape mulch and ground cover.
29BARK Reg. 5.99

WHY MULCHING IS IMPORTANT DURING THE FALL SEASON

Insulates soil

Provides a warmer environment for the soil-food web, including earthworms and microbes.

Enriches your soil

When matter in mulch breaks down, releasing minerals and nitrogen; which enriches the soil throughout the fall and winter. Leading to healthier shoots and blooms in the spring.

Discourages weeds

Mulch not only nourishes the soil, it also suffocates weeds and starves them of needed sunlight.

Stops soil erosion

Mulching prevents soil erosion by forming a barrier between the topsoil and the elements. Add 2-4 inches of mulch around flower and vegetable beds as well as shrubs and trees for maximum protection.

429⁹⁹

Home Firelogs Pallet

Logs can produce heat for up to 12 hours. A patented technology compresses wood waste so densely that the logs will burn red hot throughout producing the most efficient burn available in manufactured firelogs today. The logs will stay together without falling apart, with a moisture content as low as 2%! 28PREST
380 LOGS PER PALLET
Individual Price: \$1.39

365⁹⁹

North Idaho Energy Logs Pallet

Made entirely of wood by-products from sawmills. Much cleaner burning fuel than traditional firewood. The high density and low moisture content of the 8 Lb energy log enables it to pack 8600 BTUs per pound! 1017800
240 LOGS PER PALLET
